

IBM Singapore Pte Ltd

- Established in Singapore since 1953
- Awarded Operational Headquarters status by the Singapore Government in 1992

IBM is the world's largest IT company with a revenue of US\$86 billion in 2001 alone. IBM holds more than 30,000 worldwide patent and has held the top spot for largest number of patents in the US since 1993. With 80 years of leadership in helping businesses innovate, IBM demonstrates daily how technology can help businesses and major institutions operate more effectively.

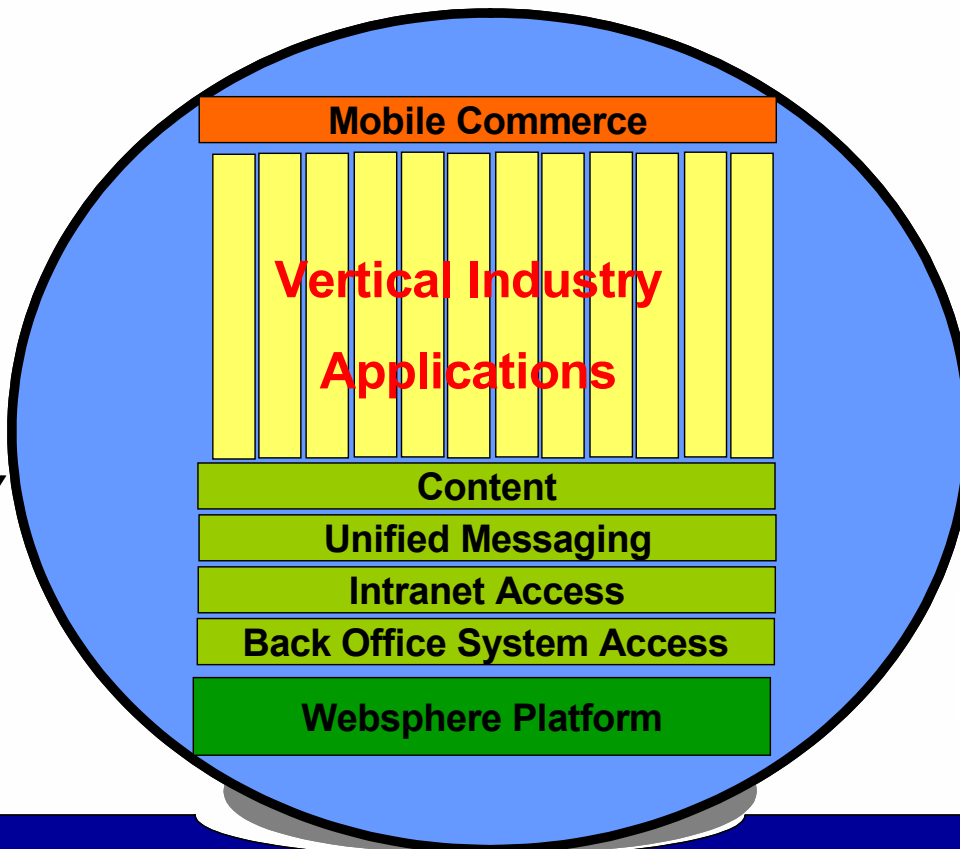

IBM Singapore is committed to playing a major role in cultivating the use and development of IT in Singapore, a mission that mirrors the Government's objective of making the country a regional and global hub of knowledge-based industries.
