Guidelines on Service Provisioning on the Open Access Network (GSPOAN)

*To be issued
in 1Q 2010*

GSPOAN

Will cover:

- Installation of the TP
- Service Provisioning
- Fault Rectification
- Scheduled Maintenance
- Billing and disputes

Objectives of GSPOAN

- 1 Provide guidance on the provision of Next Gen NBN Services**
 - How RSPs, OpCos and NetCo should cooperate in provision of Next Gen NBN Services
 - Who are the points-of-contact
 - Clear demarcation of responsibilities (NetCo, OpCo, RSP, End-Users)
- 2 Manage end users' experience on the Next Gen NBN**
 - Minimise disruption to end users
 - Ensure end users has necessary and timely information in the provision of Next Gen NBN services

Green ICT

- > Green ICT
- > Green Enabling ICT
- > Sharing by Mr George Kimura, Executive Director (NTTWest)
